PROMOTING INTEGRATION OF PRIMARY AND BEHAVIORAL HEALTH CARE (PIPBHC)

For emergencies, call the crisis hotline:

800-652-2929

(New Castle County and Northern Kent County)

800-345-6785

(Central/southern Kent and Sussex counties)

This brochure was developed for the Promoting Integration of Primary and Behavioral Health Care program under grant number 6H79SMO8O237-O1MOO1 (FAIN: H79SMO8O237) from SAMHSA-CMHS, U.S. Department of Health and Human Services. The statements, findings, conclusions, and recommendations are those of the author(s) and do not necessarily reflect the view of SAMHSA, CMHS, or the U.S. Department of Health and Human Services.

Mental health and
substance use disorder
resources for Delawareans

DELAWARE HEALTH AND SOCIAL SERVICES
Division of Substance Abuse and Mental Health

PURPOSE

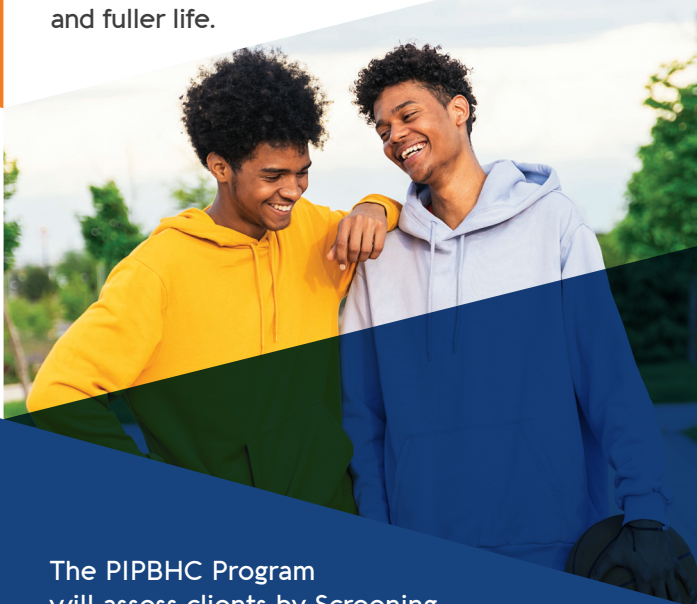

The Delaware Division of Substance Abuse and Mental Health developed the PIPBHC program to address the needs of individuals within our communities with mental illness and substance use disorders. Henrietta Johnson Medical Center, La Red Health Center are Federally Qualified Health Centers (FQHC) that support better health care coordination that gives everyone a chance at a healthier and fuller life.

The Promoting Integration of Primary and Behavioral Health Care (PIPBHC) project was started in order to integrate your physical health into the mental health treatment you get here. PIPBHC treats the whole person and allows the Centers to work more closely with you to help you reach your goals.

PIPBHC allows us to offer you focused attention by accessing appropriate resources, such as:

- ☑ A mental health or substance use disorder therapist
- ☑ Support from peer specialists
- ☑ Time to work with our case managers

All leading to a high-quality, collaborative approach to your health care.

The PIPBHC Program will assess clients by Screening, Brief Intervention, and Referral to Treatment, with scientifically guided practices. A care manager will develop a care plan to be overseen by a health care provider and the client will be referred to community support services. Peer support is also available.

FAQs

What is PIPBHC?

Full integration and collaboration in clinical practice between primary and behavioral health care for substance use disorder and mental health services.

Who do we serve?

Delaware citizens in need of substance use and mental health services.

What does it cost?

Each health center accepts most health insurance plans, including Medicaid and Medicare. A sliding fee scale is available for those without health insurance. Costs can vary according to each FQHC's billing practices.

Where are the services available?

FQHCs throughout the state of Delaware.

We intend to meet the needs of the community in order to create **“THE BEST LIFE POSSIBLE.”**
